

We hope you enjoy this Animal Trail.

Follow the clues and keep your eyes peeled for the animals.

Good luck.

- 1. We are brown and furry, there are lots of us around, we have twitchy noses and live in burrows underground.**
- 2. I'm very fond of nuts and I have a bushy tail, you'll often see me scamper across the trail.**
- 3. I croak in the pond and I've got cool green skin, I'm happy with a damp spot to live in.**
- 4. I sleep upside down, I am incredibly light, hunting by sound and flying by night.**
- 5. In fields and in woodland I hunt in the dark, I'm a bit like a dog and you might hear me bark.**
- 6. On a sunny day you will see me pass by, shades of blue and green like a jewel in the sky.**
- 7. Red breast and brown tail, spotting me isn't hard, even if it's only on a Christmas card.**
- 8. Roe and Fallow can both be found around, nibbling grass and leaves, gone in a single bound.**
- 9. Busy making honey, the queen needs every drop, I visit all the flowers and I have no time to stop.**
- 10. In the hedges and undergrowth you will hear me squeak, as I search for the seeds and berries I like to eat.**
- 11. On silent wings, I hunt mice at night, to catch my prey I need excellent hearing and sight.**
- 12. Happy in the sunshine, fluttering around, sipping on flower nectar is where I'll be found.**
- 13. I'm a prickly customer, but no one seems to mind, local gardeners love me when I eat the slugs I find.**
- 14. Her feathers may be dull and brown, but he shows off as he struts around.**
- 15. You won't see me, I'm underground, but I leave heaps of soil around.**
